Council chases \$15,000 in unpaid rezoning accounts

In an effort to collect more than \$15,000 in outstanding rezoning accounts, Lutterworth Township Council will be consulting with its solicitor.

At last Thursday's meeting, Councillor Lisa Mercer noted that unpaid bills dating back to 1979 amount to more than \$15,000. She said this is public money paid out by the municipality and council should make every effort to recover it.

The unpaid bills are for work done by the township planner as well as administrative work on behalf of the township, in preparing rezoning applications. Although any rezoning applications are to be accompanied by a \$200 deposit, council learned that this was not always the case. The bills have been piling up and it was even suggested that some people probably do not know that they owe.

Councillor Elizabeth Wright said the collection of these accounts has been "sloppy". She said two or three people on the list are friends of hers and would

probably be surprised to find out that they owe money.

"\$15,000 is an awful chunk of money," said councillor Mercer. "I just can't believe that it's gone on...It's ratepayers' money that we have spent," she said. The bills from the township planner have been paid by the township but not recovered from the rezoning applicants.

Councillor Wright said, "We have to tighten up the whole system so this can't happen again." A number of people on the list owe for two or three separate rezonings. "It's ridiculous," said Wright.

Mercer made a number of recommendations to help collect some of the outstanding bills. However, council felt that the matter should first be discussed with the solicitor before any action is taken.

At the start of discussions on this matter, Reeve Bill Valentine noted that he is on the list of those owing. He said he is disputing the bill and did not participate in debate of the topic.

Just can't hold 'em back

Redmen flanker Craig Bain (15) finds himself in the centre of a crush of Fenelon Falls Falcons during a game Thursday afternoon. The Junior Redmen defeated the visitors 19-7. For details on high school football, see page seven.

Council frustrated by council

Dealing with Anson, Hindon and Minden Townships Council can be very frustrating, Lutterworth Council has discovered in preparing a joint-municipality emergency plan.

At last Thursday's Lutterworth Council meeting, Deputy Reeve Carol Puffer expressed dissatisfaction with the lack of co-operation from Minden in putting the final touches to

the plan. All that is needed to complete the plan is some standard information from Minden. However, Puffer said she has not been able to get that information.

Because Lutterworth

Council had done the bulk of the work in preparing the emergency plan, they wanted to tie up the final details before sending it off to Minden for approval. However, tying up the final details means getting information from Minden Council, which has brought everything to a standstill.

Puffer said a letter was sent out to Minden to which there was no reply. She said she has also spoken with Minden Deputy Reeve Bern Berry, and still there were no results. Lutterworth Clerk Jeunne Simpson was asked to hand deliver yet another letter to the township office on Friday.

Councillor Al Stott agreed there has been "no

Police seek second man in window smashing spree

Police have arrested one man and have issued a warrant for the arrest of a second following a window breaking spree in Minden's downtown. The incident occurred in the early morning hours of Sunday.

According to the police, two men emerged from one of the Minden hotels and, for no apparent reason, punched another individual several times in the face. The pair then broke large display windows at the front of Cox's Apparel, Little Rascals and Teens clothing store and several windows at the front of the Dominion Hotel. Witnesses

report they also attempted to break the display window at the Bowes and Cocks Realty office.

The two were seen getting into a pick-up truck and driving away moments before the police arrived on the scene.

Constable Barry Connelly spotted the vehicle pulling into the Sun Valley Resort on Highway 35 north of Minden a short time later. He followed the vehicle and attempted to arrest the occupants after they emerged from the truck. He managed to collar one

Road work halted

Reconstruction of an 800 metre strip of Bobcaygeon Road came to an abrupt halt early last week when it was discovered that the work had begun without the approval from the Ministry of Environment.

Last Wednesday, just one day after the work started, it came again to a halt, leaving sections of pavement torn up at the intersections on Orde and North Water Streets.

John Ross, from the Ministry of Environment in Peterborough, said the work stoppage was suggested because approval for work

on the storm sewers had not been granted when reconstruction started. He said the engineers, Totten Sims and Hubicki had submitted two corrections to the plans since the beginning of September, which delayed the ministry's approval.

Ross said the ministry did not order the work to stop, but recommended that it should be delayed until approval is granted.

The \$795,000 project receives 90 per cent funding from the Ministry of Transportation. Royel Paving is the firm hired to do the work.

Dump fires may prompt gate

Unless unauthorized burning of garbage at the Halls Lake Dump ceases, Stanhope Township may have to install a gate at the entrance, council was advised at last Wednesday's meeting.

Representatives of the Ministry of Environment inspected the dump on October 7 and found fires burning without supervision, council was told in a letter. Continued burning in this matter could result in the township having to erect a gate and have staff on

hand during the hours when the dump is open.

Responding to the letter, Clerk Gerald Bain said the fire was not started by township staff. He said the municipality was not even aware that a fire was burning at the dump on that day.

Council agreed there is a problem with people starting fires at the dump. Councillor Jock Mavor suggested that a notice should be posted informing people that unauthorized fires are prohibited.

Need alternative to public sector strikes: council

In response to a number of ongoing strikes in the public sector, Stanhope Township is asking the provincial and federal governments to introduce an alternative method of settling disputes between public employees and their employers.

Council passed a resolution at last Wednesday's meeting suggesting that strikes by civil servants should be banned and disputes to be settled through compulsory arbitration. The resolution is to be forwarded to county council, Prime Minister Brian Mulroney, Victoria - Haliburton MPP John Eakins, Premier David Peterson and Minister of Labour Greg Sorbara for their consideration.

Councillor Jim Harrison introduced the topic at Wednesday's meeting, saying strikes in the public sector affect more people than those directly involved. Speaking of the current postal strike and the Toronto elementary teachers strike, Harrison asked, "Who's suffering?"

Councillor Ann Barker agreed these strikes are a serious problem. "I don't think anyone should be allowed to hold the country to ransom," she said.

Harrison made a point of noting that he is not against the unions, but said something has to be done to eliminate these strikes. Reeve Harry Davis agreed, saying the day is coming when an alternative to strikes must be found.

Police collar one, looking for second

(from page 1)

individual and while attempting to place him under arrest was attacked by the second wielding a large wooden pole.

A short time later, Constables Jim Solway and Al Bibby arrived and one individual was taken into custody. Police were unable to locate the second individual, for whom an arrest warrant has been issued.

Taken into custody was 27 year old Barry

Bondarchuck of Scarborough. The second person being sought by police has not been identified.

So far, police have laid

two charges of assault and it is expected that other charges related to the property damage will be laid when the investigation is

completed.

Bondarchuck was taken to Lindsay jail Sunday morning where he was to be held pending a bail hearing.

Objects to waterway plans

Haliburton municipalities are being urged to speak out against one of the options being studied in the post audit of the Trent-Severn Waterways.

Stanhope Township received a letter from Minden

resident Phil Graham at last Wednesday's meeting asking the township to file an objection to an option that would see reservoir lakes filled above 100 per cent of their storage capacity in the spring of the year.

Councillor Jock Mavor

agreed that if such a move was implemented it would cause flooding in this area. However, he recommended that council obtain a copy of minutes from a recent progress review meeting

Trial date yet to be set

Confusion over legal representation has further delayed the setting of a preliminary trial date on a series of fraud and theft charges against a Minden area contractor.

Joe Cannon appeared in Provincial Court October 14 after the case had been remanded from September

30. Mr. Cannon told the court that he had obtained the services of lawyer Bill Baker, however, the counsellor was not in

attendance. Crown Attorney Gerry Woron told the court he had contacted Baker October 13 and was told the lawyer was not

acting on behalf of Mr. Cannon. However, the accused said he had completed the arrangements for the lawyer on the same day.

The Crown noted that the charges in the case had been laid in November of last year and that it had been delayed long enough.

After further consideration, it was agreed that the matter would be put over for another two weeks to allow

the accused to appear in court with his lawyer or with a letter indicating a definite

trial date. Mr. Cannon will appear in court again on October 28.

Halls Lake park will remain open

Halls Lake Park will be remaining open in the evenings despite pleas from a property owner to have it closed down.

Closing the park at night because of noise problems would be like closing a road because people speed on it, said Stanhope Township Councillor Jock Mavor at last Wednesday's council meeting. He was responding to a letter from Reginald Hummel, who asked to have the park closed each night at 9 p.m. Hummel complained of noisy parties at the park every Friday and Saturday nights throughout the summer.

Although Stanhope Council is planning more regular checks of the park next summer, Hummel feels the evening park closure would be an easier solution to the noise problem.

In his letters, Hummel said it is likely a different group of noisemakers at the park each night, which would mean that whenever charges are laid it would always be different people caught. He also noted that the person who filed the complaint would have to go to court in order to make the charges stick, which he feels is not satisfactory.

Hummel said in his letter that if the township does not react by closing the park at night, a petition may be started.

Deputy Reeve Elvin Johnson repeated his remarks made at an earlier meeting that the noise problem is likely caused by the children of Halls Lake residents. He said that on one night when there was a noise problem, there were no cars at the park, only boats.

Woman dies in accident

A single vehicle accident on Highway 35 south of Minden has claimed the life of a 73 year old Toronto woman.

Dead is Ethel Lowry. She was the driver of a north-bound car which apparently left the roadway just north of Miners Bay. In an attempt to bring the car back onto the roadway, she over-corrected the steering causing the vehicle to roll over.

Mrs. Lowry was not wearing her seatbelt and was thrown from the 1978 model Reliant. Her husband, Herbert, received only minor injuries in the mishap. He was wearing his seatbelt when the accident occurred.

The accident took place October 14.

Charged

A Minden resident has been charged with failing to report an accident following a collision between a vehicle and the Minden Medical Centre. The accident occurred during the early morning hours of October 10.

According to the police, the vehicle, southbound on Main Street, left the road, ploughed through a garden

and row of cedar trees before crushing the railing against the side entrance of the medical centre operated by Dr. Steve Dawson. The driver and vehicle left the scene after the crash.

Damage to the building and the vehicle was estimated at \$1100.

Constable Jim Solway is the investigating officer.

Burns

A Minden man has been treated for burns sustained in an industrial accident October 9 at Country Auto Repair shop in Haliburton. James Hoskens, 19, was changing a fuel filter when gasoline spilled onto a service light. The fuel ignited and the flames spread to the man's coveralls. The man was taken to Haliburton Hospital and later transferred to the burn unit at Wellesley Hospital in Toronto.

Thefts

Among the items reported stolen during the past week in the county were: 19.9 h.p. Johnson outboard motor and 5 gallon fuel tank taken from Harcourt Park; a water pump and pressure tank removed from property on Contou Lake Road.

Eakins sees challenge in new Cabinet post

While Victoria - Haliburton MPP John Eakins sees his new Cabinet position as a challenge, he notes that dealing with matters concerning municipalities is not new to him. Eakins was appointed Minister of Municipal Affairs when Premier David Peterson announced his new Cabinet September 29. Eakins had served as Minister of Tourism and Recreation in the previous administration.

Eakins said the new post will be a major change for him in that he will be dealing with every municipality in the province. However, he pointed out that his previous experience as a councillor and mayor in Lindsay will stand him in good stead in understanding the concerns of the province's municipalities. During his time in municipal politics, Eakins also served on a variety of province-wide organizations formed to present municipal concerns to the provincial government of the day.

The MPP was reluctant to comment on the major issues facing his ministry.

He said that at the moment he is being briefed by ministry staff, being brought up to date on the issues and concerns and examining the structure of the ministry.

"I want to develop a vision of the future," Eakins said, and share that vision with the municipalities. He said he would like to establish a course of action which would indicate the direction municipalities are heading in the next decade or more.

Part of the indoctrination of the new minister will include meeting with representatives of municipal organizations and groups involved in municipal policy. Among those groups is the Federation of Ontario Cottagers Association, which has some concerns about the municipal election process and the levying of taxes on recreation properties.

Eakins described the new post as a major portfolio in the provincial government. "I am happy with the appointment, and am looking forward to challenges ahead," he said.

CORPORATION OF THE TOWNSHIP OF LUTTERWORTH

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT; and IN THE MATTER OF a proposed By-law of the Corporation of the Township of Lutterworth to stop up and close certain portions of the 66-foot 'unopened' Original Shoreline (Marine) Allowance for Road around the shoreline perimeter of Moore's Lake and East Moore's Lake, in front of Part of Lot 25, Concession 4, in the Township of Lutterworth and to convey the aforesaid Shoreline Allowance portions to the abutting property-owner.

NOTICE IS HEREBY GIVEN, pursuant to Section 301 (1) (a), of the Municipal Act, R.S.O. 1980, that the Council of the Corporation of the Township of Lutterworth proposes to consider and, if deemed advisable to pass at its Regular Meeting to be held at the Council Chambers, 3 miles south of Minden, on Highway No. 35, on Thursday, November 19th, 1987, at the hour of 7:00 in the evening, a By-law to stop up and close the parcels of land more particularly described as follows: -

SCHEDULE "A"

ALL those adjoining parts of the sixty-six foot Original unopened Shoreline (Marine) Allowance for Road along the shore of Moore's Lake and East Moore's Lake, in front of Part of Lot 25, in Concession 4, in the Township of Lutterworth, in the County of Haliburton, designated as Parts 8, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19 & 20 on a Plan of Survey 19R-3883 deposited in the Registry Office for the Registry Division (19).

A copy of the Survey Plan 19R-3883 is attached to the proposed By-law and may be viewed at the Lutterworth Municipal Office during normal working hours.

AND FURTHER TAKE NOTICE that before passing of the said By-law at its Meeting at the time and place above-mentioned, the Council of the Corporation of Lutterworth, shall then and there hear in person or by his or her counsel, solicitor or agent, any person who claims that his or her land will be prejudicially affected by the said By-law and who applies to be heard.

DATED at the Township of Lutterworth this 9th day of October, 1987.

editorial

Stanhope Township Council addressed a very important point last week when it raised the recommendation that an alternative method of solving labour disputes in the public sector must be sought.

While we feel that unions play an important role in the protection of workers' rights, strikes by teachers or postal employees serve little purpose except to aggravate those whom they are supposed to serve.

The whole idea of a strike is to penalize the employer by forcing a loss of production and profit. However, in the case of civil servants, profit is not a motive for the employer. Therefore the only result of a strike is the loss of production. We, the innocent bystanders, are the only people hurt.

The current postal strike is an example of the sad irony that results from strikes by public employees. Canada Post, the employer in this case, is not suffering at all. In fact, the less business they do, the less likely they are to go further in debt.

The workers' only leverage would result if public pressure was brought to bear on Canada Post, but this is not happening for the simple reason that it is hard to sympathise with a group that has taken actions that are ultimately against the public.

Stanhope Council is recommending that strikes in the public sector be banned, and mandatory arbitration be used to settle disputes. While there are bound to be problems with this recommendation, they certainly would not outweigh the problems experienced with the present system.

Frosted foliage

Lessons on leaving home

- by Arthur Black -

As near as I can figure there's only one puberty rite left among standard, white, middle-class, North American families. We call it Leaving Home. I went through it when I was 18. It was a mutually satisfactory parting. My parents, I'm sure, were just a teensy bit looking forward to having the resident know-it-all slob out of the house for a while. As for me, I was delighted. Imagine! Playing the stereo full-blast ... staying up as late as I liked ... no more lawn to cut or cats to feed ...

I think it took about two weeks for the full majesty of my new-found misery to catch up with me.

My apartment was a roach nursery, only one sheet of gyprock away from a pigsty full of bikers with a penchant for all night drunks and timber-rattling gangfights. My slumlord spoke two languages: Croatian and Obscenity. He insisted there was nothing wrong with a heat radiator that didn't radiate heat or with a refrigerator that incubated its contents at room temperature.

But all these were mere fleabites (another feature of the place) compared to the overall lesson I learned by Leaving Home.

The lesson I learned was that I was utterly useless.

Never mind esoteric skills like unclogging a toilet, waxing a floor or negotiating a lease - I couldn't even sew on a button or poach an egg!

It all came crashing down on me in about the third week of my independence as I sat in Ling's Open Kitchen eating my Sunday dinner. I knew that right then, back home, my family was tucking Mom's Sunday special: steaming roast beef and golden potatoes smothered in gravy - the very meal I had traditionally greeted with: "Aw jeez ... roast beef

again?"

Those thoughts occurred as I was gnawing through Ling's Sunday special: grey hamburger and ropey fries.

Well, I survived. I'm only a little more self-sufficient than I was back in those dreary days, but I think I'm a good deal wiser about the trauma that kids - particularly the useless male variety - face when they leave home for the first time. I believe that move is a bit like Basic Training for Marines - a whole lot meaner and uglier than it has to be.

Particularly when you consider the book that's lying on my desk right now. It is called *Leaving the Nest: The Complete Guide to Living On Your Own*. It's written by a mother-and-son team, Dorinne and Richard Armstrong, and it covers every household disaster I encountered as a novice bachelor, plus a few I managed to avoid.

Leaving the Nest has tips on everything from how to find a good apartment to when you should water your plants. In between, it offers advice on bathroom cleaning, chequebook balancing, egg scrambling, leaky faucet fixing, shirt ironing, landlord-dickering and living-room-furnishings.

The book is a goldmine of nuggets of knowledge I never dreamed of. Did you know that February is the best time to get a deal on air conditioners, cosmetics, curtains and floor coverings? Or that a guy should wait until after July 1st weekend to buy men's shirts? The Armstrongs provide a month-by-month breakdown of all the annual sales and off-season discounts available.

But my favourite chapter is called "Cooking 101 - An Idiot's Guide to the Art of Cooking." What makes this chapter special is that fact that *I can understand it*. No talk

letters letters

Editor:

To the Residents of Minden from South Lake Association Cottagers and Residents.

Reluctantly we have decided to give back your lake, your town, your beautiful trees, streams, fresh air, and tranquility. We are trading all of this in for traffic jams, shopping centres, schools, time clocks, airports, city smog, months of slush, the subway and urban aggravation.

Mind you, it is only a temporary arrangement - a respite if you like - a gift to the residents of Minden free of cottagers in their funny shorts and tee shirts cluttering up the waterfront with too many over-powered boats, and water skiers scaring the life out of the heron and loon.

Once again, and for some months to come, you can park in front of the Post Office, say hello to everyone on Main Street, plan your trip to Florida or Portugal,

and stop to chat in the hardware all without bumping into strangers. Truly a season of Thanksgiving.

Another part of the ritual of 'closing the cottage' will now include a Thanksgiving weekend meeting of the Executive of the South Lake Association of Cottagers and Residents. All agreed that it has been a superb summer for cottaging, and a delightful fall season. President Bob Martin complimented the various committees for their enthusiastic participation and noted specifically our membership drive under chairman Frank Van Belkom, reached our target of 80%. Water quality, fishing, and boating safety were discussed with reports on actions taken in each area of concern.

We have received a good response to the fine newsletter on S.L.A.C.A.R. activities prepared by Pat Hough, and distributed to

What do you think about...

Making things happen

by Bill Kulas

Many people who move to or ponder moving to a small community such as ours contemplate, what is there to do in a small town?

A local told me not too long ago; Bill...there are three types of people in the world. Those who make things happen, those who watch things happen and those who don't know what is happening. Perhaps a person can do much for themselves and make things happen by helping others. A good way of doing just that could be by joining one of the many worthwhile service clubs.

Part one of my column looks at the Lions Club. The Minden and District Lions Club, made up presently of 21 members is Minden's newest service club, chartered on October 5, 1985. The name, LIONS stands for Liberty, Intelligence, Our Nations Safety. First founded in Chicago by Mr. Melvin Jones in 1917, the Lions quickly grew.

Windsor, Ontario was the site of Canada's first Lions Club in 1920. By 1927 there were nearly 1,200 clubs in existence. Today, members of the Lions International total nearly three and a half million members in 148 countries.

Men or women, through the Lioness Clubs, are encouraged to serve their

community without personal financial reward and to promote high ethical standards. Most of the funds raised locally through the sale of Christmas cakes, Easter rabbits, yard sales and other events are mostly spent in the community.

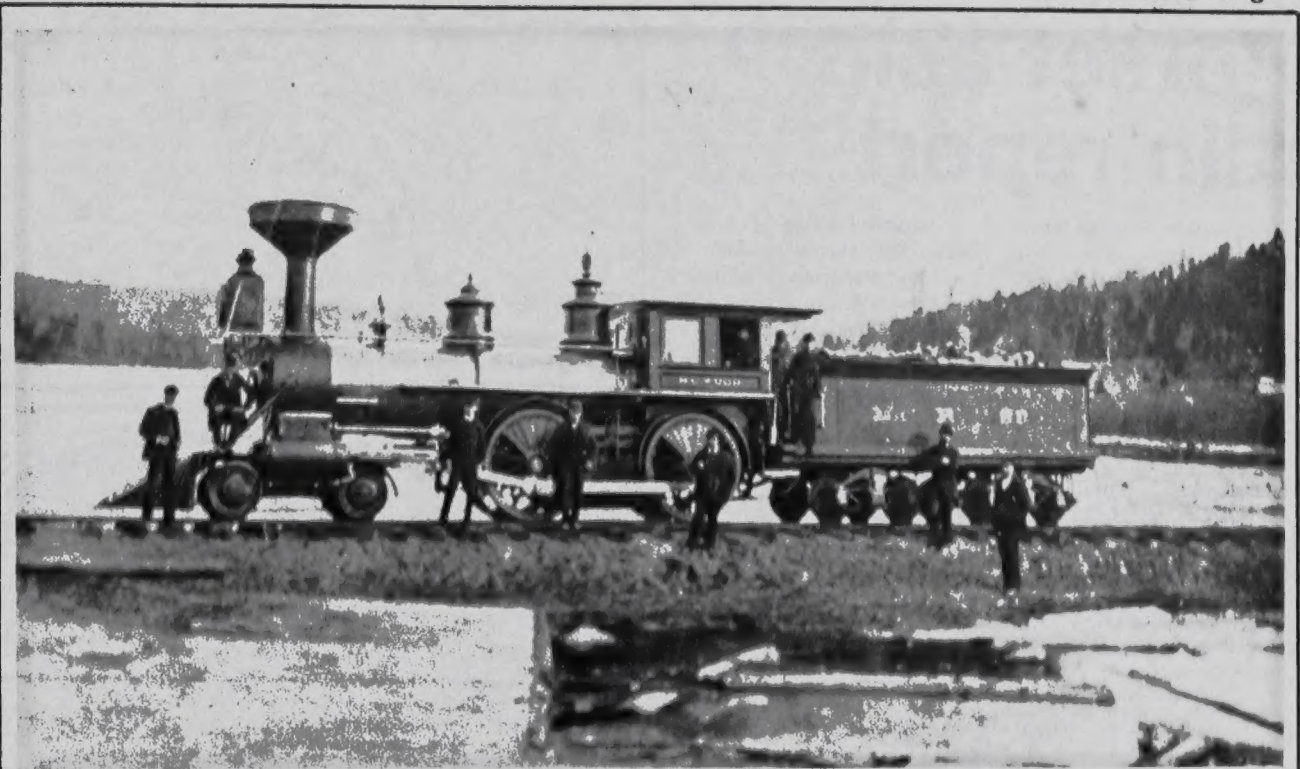

Their latest donation was for the new lit H sign at the Minden hospital at a cost of \$1,900. One of their big projects at the moment is in selling tickets for a beautiful lakefront lot with proceeds going to the new Haliburton County Chronic Care Wing being added to the Haliburton Hospital. The project is a joint venture between the Haliburton and Minden Lions Clubs.

Lions Clubs in Ontario also fund many other worthwhile endeavours. There's a camp for the blind at Lake St. Joseph, a kidney dialysis camp in Dorset and a canine school for the blind in Oakville.

The school in Oakville matches a blind person with a suitable seeing eye dog. The course is approximately six weeks long and the blind person resides right on the premises for the full duration.

Thanks goes out to Frank Dunsford and Maurice Boyd for their co-operation. Anyone interested in obtaining more information about the Lions are welcome to call Frank at 286-1291.

Next week's column will feature the Rotary Club.

This photograph of the woodburner S.C. Wood was taken beside Head Lake in Haliburton Village some time between 1881 and 1884. It is just one of many photographs that Taylor Wilkins has collected in his pursuit of information regarding the Victoria Railway that ran between Lindsay and Haliburton. Wilkins is preparing a history of the railway and is asking anyone with information or photographs to contact him at 286-1587.

letters letters letters letters

(from page 4)

all members along with informative booklets and pamphlets. In keeping with our determination to have a well informed membership, a mid winter bulletin will be sent out in February 1988.

The Emergency Identification project is now

complete. Chairman Jerry Roy presented copies of a map of South Lake marking all access roads and properties listing names and numbers. Metal plaques with property numbers corresponding to the map will now be posted for each cottage or home. The Master Copy will be provided to the OPP, Minden Fire Department,

Ambulance, as well as each member. Hats off to the committee of Jerry Roy, Kevin De Grace, Howard Fillier and Ken Brown for their good work on this most important project.

The Master copy of South Lake can now be used for implementation of an effective Neighbourhood Watch programme.

We did not have to discuss

drastic reduction in water levels since the level of our pretty spring fed lake is well maintained by an active beaver family. We trust the beavers will have a warm and healthy winter and wish the same for our good friends in Minden.

Kenneth Brown,
South Lake

Stanhope receives \$15,000 grant

The Federal Government will contribute \$15,000 to Stanhope Township to carry out an environmental evaluation study at the Stanhope airport, Victoria - Haliburton MP Bill Scott announced.

The study will evaluate

possible environmental effects of a proposed runway at the airport. The funds are made available through Transport Canada's financial assistance program for local and local/commercial airports.

- by Bill Scott, MP -

On Sunday, October 4 at about 6 p.m., I received a call at home asking me to attend a briefing the next morning at 10 a.m. in Ottawa on the status of the free trade agreement. In fact, there were several briefings that day explaining the draft agreement reached just before the deadline imposed by the United States. Over the next few months, more details will be forthcoming on the final

agreement which will begin in 1989.

As promised by the Prime Minister two years ago our political sovereignty, our system of social programs, our commitment to fight regional disparities, and our unique cultural identity were never at issue in these negotiations.

The agreement reflects the principles that we have stood by in creating clear and predictable rules with a joint, impartial, and binding method of settling trade disputes. At the same time, it

will eliminate all tariff and most non-tariff barriers over 10 years. It will secure and increase Canadian jobs, lower consumer prices, attract job-creating investment and benefit every region of Canada. Without it, we would have been defenceless against the protectionist mood currently sweeping across the United States. This most definitely would have had a very disastrous effect on thousands of Canadian jobs, many in our own Province of Ontario.

The time had come when we had to choose whether we participate in the world or isolate ourselves. We have chosen the modern approach of competing in the world market, rather than putting our whole economy at risk by cutting off our access to foreign markets and products. History will record the advantages we reap and to what degree the foresightedness of this government has secured the future of our nation.

Concerns about free trade agreement

- by John Eakins, M.P.P. -

Recently, Premier David Peterson met in Ottawa with the Prime Minister, and others, to discuss the free trade agreement written by Canadian and American negotiators.

The arguments for and against free trade can often be confusing, and many people in Victoria - Haliburton have asked me just what the new deal will mean for Canada.

Like many of you, I too have concerns and questions with regard to the

negotiated settlement. I am as anxious as anyone in Victoria - Haliburton to make sure that we all know what will happen, if the new agreement is signed by both countries.

Two areas which I am particularly concerned with focus on the auto industry and our agricultural sector. These concerns are also shared by the Premier and my cabinet colleagues.

As a result of these

concerns, Premier Peterson announced that a Sub-committee of Ontario Cabinet ministers would hold public hearings on the free trade agreement throughout the province. These meetings began earlier this month.

This initiative will put before the public the consequences of the draft Canada - U.S. free trade agreement and will explain the reasons for Ontario's objections to the proposed

pact.

The Cabinet Sub-committee on Free Trade will provide an open forum on the proposed deal. Individuals and organizations will have the opportunity to make written submissions or oral presentations to the Ministers.

In addition, a number of industry impact studies, previously prepared by the Ministry of Industry, Trade and Technology, will be

reviewed and reassessed in the light of the proposed free trade deal.

The deal does not meet four of the six conditions necessary for Ontario's approval which the Premier set out during the recent election campaign.

The six conditions are: protection of the Auto Pact, an effective dispute - settlement mechanism, protection of agriculture, continued screening of foreign invest-

ment, protection of cultural industries, and the maintenance of regional subsidy programs.

The letters I have received from people in Haliburton and Victoria counties indicate that many constituents have followed the discussions and are anxious to voice their opinions. I believe, the hearings will provide many with an opportunity to find out more about the deal, and will also allow people to discuss their views.

Dorset acid rain report

The following is the latest report on precipitation at the Ministry of Environment Acid Rain Testing Station in Dorset as compiled by Environment Canada. There were five precipitation events during the past week:

- October 5, 2 mm of rain, pH 4.0, from Illinois, Indiana, Ohio and southern Ontario.

- October 6, 9 mm, pH 5.1, from Virginia, Pennsylvania, New York and southern Ontario.

- October 7, 1 mm, pH 4.8, from Pennsylvania, New York and southern Ontario.

- October 8, 1 mm, pH 4.4, from northern and central Ontario.

- October 9, 4 mm, pH 4.5, from Wisconsin, Indiana, Ohio and southern Ontario.

Environmental damage is usually observed in sensitive areas regularly receiving precipitation with pH less than 4.7. Readings of 4.0 pH or less are considered dangerous. The lower the reading, the more acidic the precipitation.

Lack of co-operation

(from page 1)

co-operation whatsoever" from Minden. "I've spent hours on (the emergency plan)", said Stott. "I'd hate to see it wasted."

The information needed to complete the plan includes names and addresses of council members, as well as an update of equipment and

personnel at the fire department.

Apparently the ministry is also curious about what is happening with the emergency plan. Puffer said she was told that the ministry had sent a letter to Minden asking where it stands. Lutterworth had not yet received a copy of that letter from Minden by Thursday.

Water levels

(from page 2)

held in Peterborough for confirmation instead of acting on hearsay.

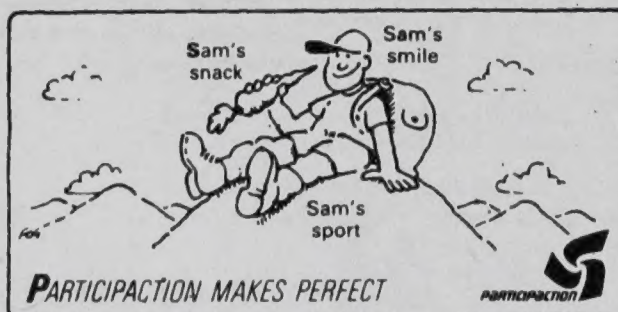

When contacted last Thursday, John Ritchie, from the Niagara Falls consulting firm Acres International, said this is one option that is being addressed in the post audit. Investigation of the possibility of raising the water levels above 100 per cent in the reservoir lakes is called for in the terms of reference for the post audit. The terms of reference were prepared by Environment Canada, which operates the waterways.

John Lewis, waterways superintendent, said this is just one of many options being looked into in the post audit. He said he realizes that such a move would have adverse implications in this area, but said residents of

other areas along the waterway have asked that this be considered.

Whether or not this option will actually be implemented depends on the recommendations resulting from the post audit, said Lewis. If Acres recommends that this be done, Environment Canada will then determine if it wants to accept that recommendation.

A progress review meeting regarding the post audit was held in Peterborough on October 12 with representatives from Acres, the Haliburton Highlands Water Management Committee, the Ministry of Natural Resources and Environment Canada in attendance. Lewis says another progress review is slated for December, and post audit is expected to be completed early in the new year.

Juniors defeat Fenelon 19 - 7

The Juniors kept their winning streak alive Thursday afternoon by defeating Fenelon Falls 19-7 in the opening game. The victory means the team has won all of its five contests this season.

Fenelon opened the scoring in the first quarter of the game. After gaining control of the ball, they marched 60 yards up the field for a touchdown and conversion to give them the

7 point edge.

It was the last points the team would see in this game, although on several occasions they came close. The Redmen defence was instrumental in holding off the Fenelon Falls advances and taking advantage of the visitors' mistakes.

In the second quarter, with the Redmen in control, Cory Hynes led a 70 yard scoring drive which culminated in a TD

followed by a conversion by John Vuksic.

Hynes picked up the second touchdown of the game in the second half. His score followed a series of successful pass receptions by Jamie Hancock and Craig Bain.

Hynes scored the team's final touchdown of the game in the final quarter, following a sustained drive up the field that included excellent pass reception

work by Hancock and Bain once again.

Coach John Fitzgerald noted the outstanding performance of Hynes, Bain and Hancock on the offensive unit for the team's victory. Hynes gained 168 yards in all during the game, in passing or running plays. Bain had three receptions for 65 yards while Hancock had two receptions for 18

(More on page 9)

Junior coaches John Fitzgerald, foreground and Tim Davies keep a close eye on the action during the football game Thursday afternoon at the high school.

Looking for daylight and heading for the goal line, Redmen tail-back Cory Hynes sweeps past a Fenelon Falls defender. Hynes efforts were rewarded as he found paydirt and scored the Junior Redmen's second TD of the game.

Senior Redmen keep playoff hopes alive

Hopes for a playoff position for the Haliburton Highlands Secondary School Redmen Senior football team are still alive as they conquered Fenelon Falls 15-7 in a do-or-die game in Haliburton last Thursday.

Coach Gary Brohman said the Redmen needed Thursday's win to keep them in contention for a playoff spot. For this reason, he had many of the top players working both defence and offence. The win boosted the record to three wins and two losses as they go into the final game of the schedule

this week against I.E. Weldon.

Thursday's game started well for the Redmen as they scored a touchdown on an interception in the first quarter. Paul Robinson sacked the Fenelon quarterback just as he was releasing a pass. The ball went flying high and was picked off by Ron Perrin who ran it in from the ten yard line for the touchdown. Drew Mitchell kicked the one-point conversion to give the Redmen a 7-0 lead.

The Redmen defence allowed Fenelon little room to carry the ball. However,

they managed to even the score before the halfway mark on a 30 yard pass.

With the count tied at 7-7, the Redmen controlled the ball throughout most of the third and fourth quarters. However, they were not able to get it across the goal line until a dramatic final minute of play.

Interceptions by Drew Mitchell and later, Jaro Cooper, gave the Redmen offence the ball on the Fenelon six yard line. With first and goal to go, Andrew Burk carried the ball down

to the one yard line.

But the roof caved in.

With the clock ticking down and just one yard to go to earn the win, quarterback Tom MacLeod threw a pass that was intercepted and carried back out to the three yard line. The minute flag went up and coach Brohman said he thought it was all over.

MacLeod, however, redeemed himself on the very next play. Playing on the defensive squad, MacLeod intercepted a long pass and ran it back 40 yards

for the touchdown.

The Redmen faked the kick and ran the ball in for a two-point conversion, giving them the 15-7 win.

Coach Brohman said the exciting win was largely due to outstanding play on the defence from Dwayne Cooper, Alan Rydman,

Paul Robinson, Ron Perrin, Derek Little, Jaro Cooper, Mike Blake, Jason Rowden, Brad Archer, Drew Mitchell, Tom MacLeod and Scott Russell.

Outstanding contributions on the offensive team came from Ron Perrin and Andrew Burk.

Juniors win

(from page 7)

yards.

Offensive blocking by Jeff Feero and John Vuksic contributed to the victory as well.

The coach said the entire defensive team turned in a superb game in holding Fenelon Falls to a single touchdown. He singled out defensive players Darin Danylyshen, Gavin McKnight and Mark Robinson as leading members.

Danylyshen was instrumental in 19 tackles, McKnight in 13 with a recovered fumble, as well Robinson in 17 tackles.

The final game of the regular season will be this Friday afternoon in Lindsay where the team faces I.E. Weldon Secondary School. The coach says he will be drilling the team on its timing, discipline and ball control with an eye to completing its unbeaten string this season.

Council briefs

The following are items from the October 14 meeting of Stanhope Township Council.

Council had no objections to the closing of a road allowance as proposed by E.A. Collingham near the Buckside Falls at last Wednesday's meeting.

Clerk Gerald Bain pointed out that council had approved the closure in principle in 1982 provided certain conditions were met. In February of this year, council again gave its approval and no objections were expressed by the Ministry of Natural Resources.

Although there has been some recent concern expressed about the loss of viewing opportunities of the Buckside Falls, council felt this piece of property is far enough away from the falls that its closure would not interfere with viewing.

LACAC

Stanhope Township has received the information necessary to form a Local Architectural Conservation Advisory Committee and will be looking into the possibility of forming such a committee.

In order to obtain

heritage grants, a municipality must have a LACAC. Council has expressed an interest in applying for funding through the Ministry of Citizenship and Culture to have the former council chambers moved to a new location.

The matter was raised at Wednesday's meeting, when council received a letter from the Ministry of Tourism's Destinations East program indicating that funding for moving the council chambers is not available through that program. The letter suggested that application be made with the Ministry of Citizenship and Culture.

Council was also instructed that funding for wheelchair access to a boat ramp at Little Hawk Lake is also not available through the program. In this regard, the letter indicated that a new program was being developed by the government that this project might fit into for funding.

The Destinations East program is geared more to development in the private sector than to municipalities, the letter said.

CNIB

In response to a request

from the CNIB, council voted to donate \$25 to the fundraising campaign.

On a similar note, councillor Jock Mavor urged council to approve a donation to the annual children's Christmas party put on by the firefighters. Council later voted to donate \$100 to that fund in addition to the \$100 already donated by the Recreation Committee.

Skating rink

Township residents will be able to enjoy outdoor skating on a rink to be built on the multi-purpose court at the community centre this winter.

The matter of building the rink was addressed at an October 5 meeting of the Recreation Committee, and at last Wednesday's meeting council had no objections to the proposal. Council felt that the base of this court would not be damaged if a tractor was used to plow the ice surface.

Shuffleboard players may

also be getting a new court in the basement. Council had no objections to a suggestion of installing a new court to accommodate the many players that take advantage of the facilities throughout the winter. Reeve Harry Davis suggested that the municipality look into buying the special tiles for a new court that never need painting.

Capacity study

Council will be meeting with Richard Doherty on October 26 to discuss the findings of the lake capacity study carried out throughout the summer.

Council heard that Doherty is waiting to receive statistics on upstream lakes before preparing his final report, which is expected in late November.

HCDC

Andy Campbell, manager of the Haliburton County Development Corporation, provided council with a summary of the corpora-

tion's activities during its first year.

Campbell told council that he is compiling a data bank on Haliburton County to provide information to people interested in starting a business here. Council agreed to provide him with whatever information he requires for this purpose.

In response to requests for information on what industrial land is available in Stanhope Township, Campbell asked if there was any available. Clerk Gerald Bain said the township is already working on this and some will be designated within a year.

The development corporation was set up under the Community Futures program and currently provides loans of up to \$25,000 to help people expand or start up. Campbell noted that the maximum loan will likely be increasing to \$75,000 by November.

Lighting

On the recommendation

of councillor Ann Barker, council will be looking into the possibility of installing street lights along a section of Highway 35.

Barker said that a strip of the highway near North Shore Road is fast becoming a residential area, and lighting would help eliminate the danger to pedestrians.

Reeve Harry Davis said he does not know if the area is densely populated enough to warrant street lighting, and said it would have to be looked into. Councillor Jim Harrison also questioned whether lighting is warranted. He said if lighting was installed there, it would have to be installed in a number of other areas as well.

Sneaky Fitch (Glenn Scully) deals a fifth ace to Sheriff Jack Oglesby (Sid Cooper) during the HHSS staff production of the Death and Life of Sneaky Fitch Thursday at the school. Director Steve Phillips said the turnout to the fundraising spectacular was better than he had expected. More than 300 people turned out helping the staff raise close to \$600 for the hospital expansion fund.

HHSS kickers win and tie

The Senior Redmen got off to a slow start, coming out a bit flat, but soon picked up the pace to score two goals in the first half. Thierry Mignon got the first goal on a soft chip shot, which sailed over the goalie's head and neatly inside the right post. A few minutes later Cecil Smith capped a well-executed drive up the field, with a hard shot placed in the right upper corner.

In the second half, the Redmen managed to fend off a pressing L.C.V.I. team and had several good chances of their own. The final score, 2 - 0 for Haliburton.

Chris Lanigan was very steady in goal for Haliburton and Gerald Morrison played outstanding defence. Once again, the mid-field of Darryl Goodall, Mark Sorenson and Trini Elias put in a strong performance, as did forwards Jan Haedicke, Gord Wood, Kelly Youngdale and Cecil Smith.

Next Monday the Redmen travel to Fenelon Falls to play the final regular season game in a bid to secure first place in the league.

Junior game
The Junior soccer

Redmen displayed grace under pressure throughout the second half to hang on for a two-all draw against a determined LCVI squad.

All four goals in the game had been scored in the first half, with Paddy Taylor recording both Redmen markers.

The goal-mouth stand throughout the second half was anchored by Chris Holliday-Rhodes in the nets. Fullbacks David Kinsella and Jason Billings also turned away Spartan bids for goals.

The Haliburton Juniors travel to Fenelon Falls on Monday, hoping to finish the season undefeated.

Readers and their favourite books

- by Joel Levis -

What has more books or branches than you can imagine, is in constant contact by computer technology and can loan you books or other library materials from anywhere in the world? Pick just about any public library in Ontario or any branch in Haliburton County and you've got something special.

Public Library Week is continuing and what follows is a second collection of comments by members of the community as they make an attempt to identify the most important books that they have ever read and how it affected them.

We regret that we had to edit some entries and know that we were not able to include all of the entries received. For those missed due to space limitations, our apologies and thanks for your contribution.

Suffice it to say, all books noted are available at or through the local branches of Haliburton County Public Library which are located in Bicroft, Dorset, Haliburton, Minden, Highland Grove, Wilberforce, Lochlin, Gooderham and Stanhope. Try us and see how good we can be.

William Jackson of Eagle Lake selected *Atlas*

Shrugged by Ayn Rand as one of the most important books that he has ever read but at the same time claims that while it didn't change his life, it did give him many happy hours in reading it and a great admiration for the writer.

Silent Spring by Rachel Carson made Mary Packard of Haliburton aware of the pesticides and toxic sprays that she was using to control the weeds and flying beasties that can make our lives so miserable but at the same time, that they were also affecting the birds, fish and us as well. She says that "it is gratifying to note that 20 years later, we are controlling the use of these dangerous chemicals but we still have a long way to go."

Death of a President by William Manchester affected Haliburtonian Linda Coneybeare to the extent that she began to formulate a continuing commitment to civil rights. "I began to form my own political and moral values and I hope, became a better person for it. I hold JFK as an example of an honest and sincere politician and compare other politicians' actions against his. He was a world leader for only 1,000 days but his legacy shines on."

Caroline Bishop declares that while almost every

book that she has ever read provided her with what she needed at the time, it would appear that she must keep returning to *Who Dies* by Stephen Levine because it provides her with "tools with which I can experience glimpses of a life lived in peace and joy. It challenges me to the full humanity which is my birthright and allows me to understand suffering with an open heart. Ultimately, it is a book about love."

Steve Philips of Haliburton Highlands Secondary School feels that Mark Helprin's *Refiner's Fire* is a "timely reminder of how evocative the English language can be," while Barb Bolin at SSFC promotes *The Trilogy* as a source of understanding for her own "heritage, the traditions that have been passed on in my own family, the humour of the Irish, etc." Mrs. Leo Dobzensky found a reinforcement of her "belief in the greatness of the human spirit" through *A Man For All Seasons* by Robert Bolt, and Mr. James Wilkinson found a new understanding of the "virtues of life - compassion, love, understanding, purpose and forgiveness" upon the death of a loved one.

Bill Scott, Victoria -

Haliburton MP identifies Nila Reynold's *In Quest of Yesterday* because it "gave me an insight into the early pioneers and forefathers of Haliburton County. This book enriched my understanding of the history of a very important part of Victoria - Haliburton."

Marilyn Stouffer of Stanhope feels that "at various stages of my life, a book read at that time may have

seemed very important to me. Some of Farley Mowat's books have reinforced my feelings toward

nature and the fact that we should show more compassion for non-human creation.

Soyers Lake annual meeting

- submitted -

The Soyers Lake Rate-payers Association held their annual fall meeting at PineStone Inn on Saturday, October 10 commencing at 7:30 p.m., with 45 persons in attendance. President Lew McCorrison was in the chair and secretary Primrose Birrell recorded the proceedings.

Spring meeting

The minutes of the spring meeting held on Sunday, May 17 which had been previously distributed to all members were approved and adopted. The chairman reported details of the meeting with the township road superintendent,

Clayton Cameron, respecting the cutting of trees and the reconstruction of portions of roadway at the north end of Dummett Bay, a number of members repeated their earlier condemnation of the township actions which destroyed many fine mature trees and changed a beautiful tree-lined drive into a raw, barren dead-end roadway.

Correspondence

The Secretary tabled correspondence received during the summer which included: a) offer from the Ontario Cottager magazine for a reduced subscription rate of \$8.00 for one year; b) letter from Haliburton

County Development Corporation outlining the purposes and operation of the Corporation; c) a number of letters from members respecting payment of dues, etc.; d) acknowledgement from the Federation of Ontario Cottagers' Associations Inc. for membership dues; e) letter from Acres International Limited of Niagara Falls, Ontario, respecting their engagement by Environment Canada to

conduct an audit of operating procedures in the Haliburton Reservoir Lakes Area related to the Trent-Severn Waterway; f) a cheque from F.O.C.A. covering S.L.R.A.'s share of receipts under the Real Estate Program operated by Wrightman Realty.

Guest speakers

The Chairman welcomed Brad Hartin, acting Area (more on page 20)

How Much Time Do You Have?

"And in Thy book they were all written, the days that were ordained for me." Are you ready to face the future?

by Pearl Lyle

Hello Readers: Nice to have such beautiful weather before winter sets in.

Rev. J. Burgess gave the church service Sunday evening. Tuesday morning Rev. J. Fast of Minden Gospel Church had the service.

Mrs., Buttery had her sister Mrs. Gordon Kellet in for a visit on Saturday. I had (my granddaughter) Miss Nancy Lyle of Kitchener come and take me out for lunch on her way to spend the weekend with her parents at Sundridge.

We had a draw for two Thanksgiving turkeys on Friday. Mrs. Buttery won one and Miss Tomlinson won the other.

Tuesday afternoon we had a bingo in the lounge. It was well attended, and nearly everyone won something.

Jean and George Hewitt and I were guests of Debbie and Roger Dart of Haliburton for a lovely Thanksgiv-

ing Dinner on Sunday.

Our Thursday afternoon tea was served by the ladies of Haven of Rest. Friday night we had the pleasure of having Mr. Bill Payne, Mr. Deacon and Mr. Smith here to play and sing for us. Mrs. Deacon visited with her mother Mrs. Sutherland and others she knows who live here.

Sorry to report Lola Prentice is not very well this morning. We hope she will be O.K. soon.

We are glad to see Edna Cowan home again from a two week visit with her family.

Winnie Barnum was out for Thanksgiving also. She went to see her mother who is in the Kingston Hospital.

Doris took a bus load of folks from here today for a ride to Hawk Lake and back. It was nice and the weather was lovely.

"There isn't any map on the road to success, you have to find your own way." All till next week.

Lights for driving

by Doreen Hawman

Research by the Ministry of Transportation and Communications indicates daytime traffic collisions could be reduced by 20 per cent if all vehicles used daytime driving lights.

It is estimated that 45 per cent of accidents occur when a driver, pedestrian or cyclist fails to accurately judge the speed, position or even the presence of an oncoming vehicle.

Daytime driving lights make the car more visible, hence easier to judge a car's speed and position on the road.

By December 1989, all new cars in Canada will be equipped with low-intensity daytime driving lights which will turn on automatically with the engine. In the

meantime, the federal and provincial governments are encouraging drivers to keep their regular headlights on during the day at low beam or to install specially designed daytime lights of a lower intensity.

Keep in mind this quote from the MTC - "Be seen in all the right places - lights on always".

For information or if you need help with an application, contact the Haliburton County Information Centre located in the Drag River Municipal Building, Haliburton, open weekdays from 10 a.m. to 4 p.m. or call 457-2733.

The centre in Minden, situated in the Municipal Building, Milne St., is open every Tuesday 10 a.m. - 4 p.m. or you may call 286-4100.

Golfers keep score

by K. Hodgson-McMahon

Ontario Senior Games is held in the month of June and is sponsored by the Haliburton County Home Support Services Annual Meeting. That the Provincial Ontario Senior Games Committee was hard at work planning for the second bi-annual Provincial finals to be held next year, on August 29, 30 and 31 at Brampton under the name Actifest '88.

Two of several recommended rule changes will affect our thinking in golf and 5-pin bowling and it is not too early to consider at least the golf. Local golfers, please keep your old score cards or jot down your 1986 scores; Florida winter golfers do likewise.

Roughly 60 per cent of the eligible senior golfers in Ontario have access to legitimate OGA or RCGA handicapping systems and

rated courses. To accommodate the other 40 per cent of us, the Callaway handicapping system was tried and found wanting, except in a one-day event.

Now we are asking all casual and regular golfers to try to accumulate their last 10 scores as a minimum, or the best 10 of 20, if possible. Their record should list their score, the course par rating, and official rating if available.

Next May and June our golf convenor or designate will endeavour to handicap each applicant for the Ontario Senior Games. There will be three revised handicap ranges for women and for men, with potentially six golfers representing District 11 at Actifest '88.

Bruce will release more details after a late October conference in Bolton which he, Alex McLeod and Bob Hollobon will be attending.

Guild news

by Leo Dobrzensky

The Annual Guild Dance is scheduled for Saturday, October 24, 1987 and will be held at the Legion Hall in Haliburton. Tickets at \$8.00 can be purchased from board members or at the Rails' End Gallery. The dance will also feature a 50/50 draw and prizes for the best Halloween costume. Music by the "Dash Rip Rock" band.

Prior to the dance, be sure to attend the "Meet the Artist" reception at 7 p.m. at the Gallery. Dennis Cliff, who taught at the Summer School of Fine Arts for several years, will be present

to introduce his acrylic paintings. Refreshments as usual.

Speaking of paintings, we have just learned that local artist Chuck O'Neil won a "Honourable mention" for his watercolour "Liza's bike" - at a juried show recently held at the Scarborough Civic Centre. The show was sponsored by the East central Ontario Arts Association.

The "Country Ribbers" are planning a trip to western Ontario to visit various yarn outlets. They are interested in increasing membership and looking for machine knitters to join them.

PERFORMANCE: THE LONG AND THE SHORT OF IT.

**INDUSTRIAL
GROWTH
FUND**
1 yr: 37.4%
10 yrs: 20.5%

	1 YR.	10 YRS.
INDUSTRIAL AMERICAN FUND	28.1%	22.2%
INDUSTRIAL DIVIDEND FUND	40.3%	18.9%
INDUSTRIAL EQUITY FUND	41.7%	19.8%
INDUSTRIAL GLOBAL FUND	34.0%	29.8%*

At The Industrial Group of Funds, we've always stressed long-term performance.

With good reason.

Because that's what most investors should be looking for in a mutual fund.

But once in a while it's important to point out that the exceptional long-term record of our Funds is really just a collection of exceptional short-term records.

The past twelve months are but one case in point. The Industrial Group of Funds has generated exceptional results year after year.

Check the record. If you're looking for performance, we've delivered.

That's the long and the short of it.

*Return since inception, October 1985. Figures shown are average annual compound returns to August 31, 1987, with distributions reinvested and excluding sales charges.

Congratulations to Dave and Louise Helson who

were married recently and celebrated Thanksgiving weekend at their cottage on Brady Lake.

Members of Women's Institute please read your programme, meeting will be October 21st at 2 at the Library Cultural Centre, and other ladies are welcome.

Velvet

Velvet makes me think of things
Soft as down,
Hummingbird's wings,
Little girls with flowing tresses
The memory of youths' caresses,
A new-born chick so frail and weak,
The cuddly feel of baby's cheek,
The knowing owl with stare so wise,
The loving looks in sweetheart's eyes,
The misty gray of early dawn,
The spotted coating of a fawn,
Soft winds wafting from above,
Over all, the wings of love.

Yvonne

Stiver - Alcock

A pretty September wedding solemnized in Brown's Funeral Chapel, Kenora which was decorated with baskets of pink and white flowers. The seats were decorated with satin bows.

Saturday, September 12, 1987 at 3:00 p.m. Katherine, daughter of Mary Stiver, Halls Lake, and Kenneth Alcock, son of Mr. and Mrs. Bert Alcock, Kenora, were united in marriage. The ceremony was performed by Justice of the Peace Mr. Bob Ponton, assisted by Envoy Clint Stagg.

The bride, who was given in marriage by her mother was gowned in white lace with satin ribbon and Queen Victoria neckline. She carried a bouquet of white and pink carnations with

white satin ribbon. The maid of honour, her sister Christine Cullen, wore pink satin with pink and white carnation bouquet. The best man was the groom's father, Mr. Bert Alcock. The ushers were Dan Stiver, brother of the bride and Greg Alcock, brother of the groom, all wearing grey tuxedos.

A beautiful solo "Perhaps Love" was sung by Irene Gillen and Kay Coulis was the organist. After the reception at the Moose Lodge, the bride and groom left for a three week honeymoon trip to British Columbia and the western provinces.

Guests were from British Columbia, Alberta, Manitoba and all parts of Ontario.

The bride and groom will reside in Kenora.

kid's korner

by Jean Lacey

Hi Kids!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and diagonally. They are all in a straight line and do not skip letters. Circle the words in the diagram and cross it off the list.

It's as easy as that. Have fun!

Q: Why are pianos so noble?

A: Some are upright, the rest are grand.

Q: What goes up and down but never moves?

A: Stairs.

Q: What did the plank of wood say to the electric drill?

A: You bore me.

A Warm Welcome to the Community

Soyers Lake ratepayers

(from page 17)

Manager, and Gary MacDuff, operation staff, of the Haliburton Area Office, Trent-Severn Waterway. Mr. Hartin gave a very enlightening talk on the history and operation of the Trent Severn Waterway and described in considerable detail the Haliburton section of the system which includes 39 dams controlling over 200 lakes with a watershed area of 1150 square miles. He outlined the effects of variations in the amount of precipitation stating that the 10-year average rainfall for the Haliburton Area (May to October) was 17.0 inches; the 1986 rainfall was 22.8 inches while the 1987 is only 12.83 inches.

Mr. Hartin emphasized the fact that there are many users on the Waterway who take out water for municipal water supplies, hydro electric generating stations and other purposes; he made the point that control of the lakes is not solely for the benefit of boating on the waterway system.

After describing how the advanced computer terminal installed in 1974 assists in regulating water levels and flows, Mr. Hartin outlined the objectives of the current study being conducted by Acres International Limited. One important aspect is the investigation of possible increased flood storage upstream of the town of Minden to help alleviate flooding problems in the low lying sections along the Gull River.

Hartin and MacDuff answered questions from the floor and advised that control of water levels on Soyers Lake was particularly difficult due to the relatively large surface area and the severe constriction at the Allsaw Bridge narrows. Mr. Ross Partridge thanked the speakers for their interesting and informative talk.

Water testing

Water testing and pollution control chairman Ross Partridge distributed copies of the M.O.E. report on the secchi disc - chlorophyll a self help program which indicated that Soyers Lake is considered borderline between moderately enriched and unenriched.

The secchi disc readings ranged from 3.75 to 5.2 m and averaged 4.5 m, indicating moderately high water clarity. Chlorophyll a concentrations ranged from less than 0.8 to 2.8 ug/L and averaged 2.0 ug/L. Ross was thanked for his continuing excellent work on the sampling program.

Lake directory

The chairman reported that the 12th edition of the Lake Directory and Map had been distributed to

every residence on the lake (150 copies) and requested all members carefully check the information and report changes or corrections to the Directors.

Corn roast

Committee chairman John Campbell presented his report on the August 22 festivities. He reviewed the early-morning breakfast cook-out held on Brown Island, the canoe trip to Haliburton, the sailing race and afternoon swim, and the evening corn and wiener roast held at Elstone's Flats (Lakeview Lodge). He reported total costs at \$407.19 for the full day's activities.

A number of members praised John for his innovative, well-run program and a motion of appreciation received enthusiastic applause.

Financial

Treasurer Neale Harris districted a financial statement as of October 10 which showed a bank balance of \$1,536.94. He estimated outstanding accounts for the corn roast, meeting hall, printing and postage etc. at \$580 and projected the year-end balance to be approximately \$950.

Mr. Harris reported that 96 residents had paid 1987 membership fees and expressed optimism that the number would reach 100. The treasurer was thanked for his diligent work in keeping the association finances in good order.

Publicity

Newspaper clippings from The Times and the Echo respecting the spring meeting and extensive coverage of the corn roast were displayed and appreciation to the local papers was expressed.

Municipal

It was reported that a group of residents in the Poverty Bay area had subscribed to a fund to appeal a decision of the County Land Division Committee respecting a severance of Parts A and 5 of Plan RD53 (Part of Lot 25, Con. 9, Minden Twp.) The chairman related his annoyance and frustration in dealing with municipal staff in connection with this matter and referred to a newspaper report of the council meeting of August 27, 1987 during which either council members or staff (or both) suggested that "the objectors are acting faster than the person who is planning the severance as council has not received an application for severance of the property", when in fact the matter had been received by the town on July 3, dealt with by the planning advisory committee on July 15 and approved by council on July 23.

The chairman stated that repeated staff denials

respecting this matter raised disturbing questions respecting co-operation between the municipality and cottagers' associations.

An encouraging report suggested that Minden council has finally agreed to apply the provisions of Zoning By-law 86-26 in the consideration of all future applications for severances or permits, notwithstanding that this by-law has not received final approval. Apparently no date has yet been set by the O.M.B. for dealing with objections filed against the by-law.

Dissatisfaction was expressed respecting council's lack of progress on the establishment of an anti-noise by-law. A number of residents in the Poverty Bay area had previously reported bad experiences related to excessively loud noise and other night-time disturbances from certain cottages.

Hospital fund

Following a discussion respecting the current campaign to raise funds to assist in the Haliburton Hospital Expansion Project a donation of \$100 was unanimously approved.

Elections

The chairman advised that two retiring directors had declined to stand for re-election.

He paid tribute to the

contributions made by Mrs. Marnie David in connection with the establishment of organized sailboat activities on the lake and the extensive work done by Mr. Gordon Ogg since the formation of the association. Following a motion by nomination committee chairman Burt Tait the following members were elected to serve as directors for a two year term commencing October 1987:

Mrs. Elizabeth Turner, Mr. Jim George, Mr. Ross Partridge, Mr. Ian Stewart, Mr. Neale Harris and Mr. Doug Lear.

Acts of Directors

On motion duly made, seconded and unanimously carried, all acts of the Directors and Officers of the Association during the past year were approved, ratified and confirmed.

President remarks

At the conclusion of a brief report on the activities of the directors during the summer months a note of appreciation was tendered to Lew McCorriston for his service as president during the past year.

Spring meeting

The annual spring meeting of the association is to be held on Saturday, May 21, 1988 at PineStone Inn commencing at 7:30 p.m.

CARD OF THANKS

We would like to thank our friends and relatives for their cards, donations, and support during our recent loss. At a time like this we learn how much our friends really mean to us. Also a special thanks to Dr. Harry Good, no matter at what time of day or night was always there to help. Thanks to the Gordon A. Monk Funeral Home Ltd. for the service and support they provided. To everyone, your kindness has been so helpful and all that you have done for us is deeply appreciated.

The Family of the late Doug McKelvey

CARD OF THANKS

The First Minden Beavers, Cubs & Scouts wish to say thank you to Dixie Lee for the chicken dinners and Kawartha Dairy for the chocolate milk which were donated for our lunch. We would also like to thank everyone who supported our Apple Day and made it such a great success again this year.

Words cannot explain the sincere appreciation to all our family and friends for all their unending support through the tragic loss of our son, Jeffrey Buist. The hot casseroles, the groceries, the beautiful flowers, the generous donations and the wonderful cards and poems that helped others through similar situations have touched us deeply. A special thanks to June Devolin for being there when we thought we couldn't handle it and Rachel Fearrey for her continuous love and kindness. To just wonderful friends from Carnarvon may God bless each and every one of you. Your love and generosity will never be forgotten. Thank you.

Jim and Barbara Fryer & Family
